

Globetrekker Corporate Calling Card

Make calls from the road to anywhere in the world

Whether your employees travel across town or to the other side of the world, connect them with clients and associates using Globetrekker Corporate Calling Cards from DSCI. With flexible billing options and attractive rates, keeping costs in control while keeping in contact has never been simpler.

Features

- **Cost-effective:** Low per minute rate with no per call surcharge in the U.S.
- **Global coverage:** With over 130 country codes, you can call almost anywhere in the world
- **Sequential Calling:** Place several calls sequentially, without hanging up the phone and redialing the access number and authorization code.
- **Monthly Invoice:** The calling card report on your monthly invoice makes it easy for you to keep track of all calls made from each card on your account. Calls are broken down by calling card, with the destination name and number, and the total minutes and charges for each call. A sum of all minutes and charges is given at the bottom of the report.
- **Customer Support:** A DSCI customer service representative is available at all times to report service problems or general assistance on using your calling card.
- **Display As Billing Feature:** Associate a text description with each conferencing account for easy auditing and tracking.

Benefits

- **Convenient:** Using any touchtone phone, you can place a local, long-distance, or international call without the hassle of finding change or contacting an operator.
- **Multiple Cards:** You can get multiple cards for your account and total charges for each will appear on your monthly invoice.
- **Pay-per-use:** There are no monthly fees or minimum usage requirements. You are only billed for calls made within a billing period.
- **Cost effective:** Stay in touch with important business contacts and boost productivity while avoiding costly surcharges and exchange rates.
- **Simple to Use:** Simply dial the toll-free access number, enter your card number and PIN, and then dial the telephone number of your destination.
